### SIGNIFICANT OPERATIONAL EXPERIENCE IN INFRASTRUCTURE SECTOR

#### KEY STRENGTHS

SIPL has over 30 years of experience in infrastructure development. The company's infra projects includes Sealdah fly-over in Kolkata, Moolchand fly-over & Indraprastha underbridge in Delhi, Durgapur expressway, cooling tower at Panipat, suspension bridge at Nepal etc.

#### COMPETITIVE BUSINESS

#### KEY CONCERNS

The company is involved in the construction of infrastructure projects. The company may face significant competition and margin pressures from its competitors depending on size, nature and complexity of the project and on the geographical region in which the project is to be executed. The failure to bid competitively may adversely affect its operations. Bidding high will mean it does not win contracts and bidding too low will mean incurring a loss, or operating at very thin margins.

#### INCREASING DEMAND OF MODERN TECHNOLOGY

The construction industry increasingly demands technical sophistication. The rapid and frequent technology changes can demand high level of capital expenditure.

#### FINANCING DIFFICULTIES

Financing has been a major problem across the infrastructure sectors. Long term funding has been a problem for banks as they borrow short but need to lend for long-term projects.

#### LAND ACQUISITION

Land is a pre-requisite for any infrastructure project. A number of projects witness delayed financial closure and postpone commencement of construction due to land acquisition problem. This delay can also impact the project viability.

### A HIGHLY FRAGMENTED INDUSTRY WITH INCREASED SUBCONTRACTING

The construction industry in India is highly fragmented. Construction projects often materialize through a number of smaller contracts which mainly depend upon the size of the project and diversified nature of activities involved. As a result, subcontracting is a common phenomenon in the industry.

#### Business capacity

Construction	Location
Sealdah fly-over	Kolkata
125 m. high Cooling tower	Panipat
Cable suspension bridge	Nepal
Durgapur expressway (20 km.)	Kolkata
Water treatment plan (12000 m <sup>3</sup> /hr capacity)	Garden Reach, Kolkata

### INFRASTRUCTURE INDUSTRY STRUCTURE AND DEVELOPMENT

GDP From Construction in India increased to 2413.76 INR Billion in the first quarter of 2018 from 2373.76 INR Billion in the fourth quarter of 2017. GDP From Construction in India averaged 2095.15 INR Billion from 2011 until 2018, reaching an all time high of 2413.76 INR Billion in the first quarter of 2018 and a record low of 1861.37 INR Billion in the third quarter of 2012. GDP From Construction in India is reported by the Central Statistical Organisation, India.

**SUBSIDIARY / JOINT VENTURES / ASSOCIATES**

Your Company has no Subsidiaries or Associate or Joint Venture Company. However, the Company is the Subsidiary of M/s Ramayana Promoters Private Limited in respect of its holding more than 50% Share Capital.

**PARTICULARS OF LOANS, INVESTMENTS AND GUARANTEES**

Details of loans, guarantees and investments covered under Section 186 of the Companies Act, 2013 are provided in the notes to the Financial Statement as attached with this Annual Report.

**INDUSTRY SCENARIO:**

Post the revival of the Indian real estate sector through a series of initiatives by the government, the confidence of the homebuyers has increased with a clear understanding of the market. The developers have also witnessed a smooth regulatory business process. This development is expected to help increase the cash flow in Indian real estate sector in 2019. Single window approvals by central and various state governments will further accelerate growth of the industry. There will be a huge scope for the commercial real estate due to the increasing number of grade-A office spaces for start-ups, co-working places and e-commerce. IT parks in terms of location and amenities will emerge as an exemplary trend for commercial real estate growth. Rentals in commercial realty will catalyze growth as investors tend to rent a commercial space rather than buying it. Also, the increase in educational institutions in metro cities will drive student housing, which is a huge unmet demand in the country.

The Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform which will help in allowing all kinds of investors to invest in the Indian real estate market. It would create an opportunity worth Rs 1.25 trillion (US\$ 19.65 billion) in the Indian market over the years. Responding to an increasingly well-informed consumer base and, bearing in mind the aspect of globalization, Indian real estate developers have shifted gears and accepted fresh challenges. The most marked change has been the shift from family owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralized processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering.

The growing flow of FDI into Indian real estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards.

**STATE OF THE COMPANY'S AFFAIRS**

Pursuant to Sec 134 (3) (i) of the Companies Act, 2013 ('the Act') as we look forward to 2019, the macroeconomic environment is expected to continue to improve. The single-family housing sector pricing and sales continues to strengthen, albeit at a slow and inconsistent pace. These positive macroeconomic parameters could potentially provide a further boost to the strengthening Commercial Real Estate recovery.

**FIXED DEPOSITS:**

Your Company has not accepted any deposits within the meaning of Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014.

## SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31.03.2019

{Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies  
 (Appointment and Remuneration of Managerial Personnel) Rules, 2014}

To  
**The Members,**  
**M/s Shelter Infra Projects Limited**  
 Eternity Building DN-1, Sector - V, Salt Lake  
 Kolkata – 700 019  
West Bengal

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Shelter Infra Projects Limited** having its Registered Office at Eternity Building DN-1, Sector - V, Salt Lake, Kolkata – 700 019 West Bengal (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31.03.2019 has complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

- (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993;
- (v) The laws specifically applicable to the industry to which the Company belongs as identified by the management are
1. Transfer of Property Act, 1882.
  2. Registration Act, 1908,
  3. Stamp Act, 1899,
  4. Contract Labour (Regulation & Abolition) Act, 1970,
  5. Municipal Building Rules, 2007.

Wherever required, we have obtained the Management Representation about the compliance of laws, rules, and regulation and happening of events. The compliance of provisions of Corporate and other applicable laws, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on text laws.

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards (SS-1 and SS-2) issued by The Institute of Company Secretaries of India and notified by Ministry of Corporate Affairs.
- ii. Securities and Exchange Board of India (Listing Obligations & Disclosures Requirements) Regulations, 2015;

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. The Company has generally complied with the provisions, rules, regulations guidelines to some extent, it is felt that the compliance mechanisms systems, procedures need to be further strengthened in applicability of SS-1, SS-2, SEBI(LODR) Regulations, 2015 and Companies Act, 2013.
2. The Company was late in filing of few forms/returns during the year. Though the same were filed within the limits prescribed under Section 403 of the Companies Act, 2013.

We further report that

- A. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

### RECENT INDUSTRIAL SCENARIO

Post the revival of the Indian real estate sector through a series of initiatives by the Government, the confidence of the homebuyers has increased with a clear understanding of the market. The developers have also witnessed a smooth regulatory business process. This development is expected to help increase the cash flow in Indian real estate sector in 2019. Single window approvals by central and various state Governments will further accelerate growth of the industry. The government has announced certain amendments in the taxation and regulatory features. RERA is streamlining the real estate, ensuring that the buyer gets full value for his money. The central and various state governments are announcing single window approvals. GST and the approval by SEBI for the Real Estate Investment Trust (REIT) have led to greater transparency, and institutional investors are now looking at Indian real estate with renewed interest. With the advent of the first REIT in early 2019, investors could look forward for great opportunities.

### INDUSTRY STRUCTURE & DEVELOPMENTS

The Union Budget 2017-18 was announced with the theme of Transform, Energise and Clean India (TEC) was largely geared towards rural growth, infrastructure, and poverty alleviation, with a huge impetus to affordable housing. The thrust on affordable housing renews government's vision of 'Housing for All by 2022', giving a cheer for the housing segment. After a wait of several years, the government has finally awarded infrastructure status to the largely-neglected affordable housing, which is encouraging for developers infrastructure status will ensure easier access to institutional credit and help in reducing developers cost of borrowing affordable projects.

According infrastructure status will further simplify approval process for affordable projects, create clear guidelines and increase transparency in the segment. Such a market, which will further be made accountable through the Real Estate Regulatory Authority (RERA), could attract debt and pension funds to invest in the affordable housing segment. Moreover, this time period has extended from three years of approval to five years. We expect that these moves will definitely aid supply in the affordable segment by ensuring that a greater number of projects will come under the ambit of the scheme, which has remained largely under-penetrated till now, despite immense pent-up demand. For instance, households earning up to Rs 200,000 per annum and above poverty line itself accounts for almost half of the total demand for housing between 2017 and 2020.

From the above discussion, it is clear that to boost urban and rural infrastructure across the country, the government has initiated multiple measures to lift the infrastructure and construction sectors from the ongoing slowdown. The funds aimed at integrated development of urban infrastructure and services in rural areas and urban cities to boost allied sectors including construction material, steel and cement.

### FUTURE OUTLOOK OF OUR COMPANY

In order to promote affordable housing, the Government has made several efforts to create enabling environment and eco-system. Towards such an end, the Government has granted infrastructure status to affordable housing which will enable these projects to avail the associated benefits such as lower borrowing rates, tax concessions and increased flow of foreign and private capital.

Considering the above future possibilities and policies Your Company is looking to acquire Infrastructure Company having credentials of Rs. 100 Crores. Acquisition may be either of full takeovers or merged it with your Company by creating SPV or strategic alliance and to incorporate various companies and LLP's or any other forms as permissible by law for execution of various housing and infrastructural projects in near future.

The Shares of the Company will be provided to the respective landowner/ Companies/ Trust as the case may be towards payment of consideration other than cash on the valuation as may be certified by the competent authority / empanel valuer of any Nationalized Banks. Shares can be issued as consideration towards assignment value for relinquishing the development right of the property owned by a person of a Company or Company whatsoever in nature. Apart from the Consideration payable to the property owner by issuance of shares towards payment of consideration and or otherwise other than shares or other than cash.

### STRATEGY

Affordable housing in the last budget giving affordable housing as infrastructure status and also declared several incentives including tax benefit for successful implementation of affordable housing. Considering the enormous opportunity and the expertise the Company have out of its past activity Company has decided to take up affordable housing schemes in an around city of Kolkata as well as the district towns where the demand for community living in organized housing complex enriched with necessary urban infrastructure.

Company is glad to announce to its Shareholders that the good number of pieces of land which are suitable for the aforesaid purpose have been identified by the co and are in process of finalization of tie-ups ensuring the access of the those parcels of land for implementation of housing projects with affordable price.

#### **PROPOSED ROAD MAP**

The Comp[any has recently came out from NPA and are now in a regular banking system. due to this stressed relationship with Co's Banker namely SBI nearly for last 5 years the Company could not participate in any tender for non availability of comfort letter from Bank which is a Mandatory instrument required for such participation. As this situation has changed in that front favorably, there are scopes now for revamping Company again .This is more important considering the Government encourages policy towards infrastructure development for vibrant India, creating numerous opportunities to have the share of this initiative boundlessly. Therefore the Company decided to strengthen its net worth, making company presentable before Government departments and Financial Institution thereby.

#### **OPPORTUNITIES AND THREATS**

Viewed against the disruption, confusion and uncertainty of the past year, it would be easy to become despondent about the future of infrastructure around the world. Yet we see great opportunity and promise emerging. There is much to be excited about. Governments continue to demonstrate a strong desire and ambition to invest in infrastructure, both as a path to economic growth and as a way to hold back the rising tide of populism. New technologies and rapid innovation are creating new approaches, models and tools for infrastructure development and helping to bring down costs. The quest to identify new pricing and funding models offers the potential to unblock pipelines and unleash a new era of rapid development. And new perspectives on key issues such as sustainability, governance and investment are driving greater sophistication in many markets. A new dawn may be rising.

Coming convergence of real estate and infrastructure within the investment market — a trend that has been slow to materialize but become increasingly important in its impact. We also expected swifter action on the impact investing and credit enhancement fronts. Not surprisingly, therefore, there are a number of trends in this year's report that could be seen as a continuation of previous evolutions.

Governments continue to demonstrate a strong desire and ambition to invest in infrastructure, both as a path to economic growth and as a way to hold back the rising tide of populism. New technologies and rapid innovation are creating new approaches, models and tools for infrastructure development and helping to bring down costs. The quest to identify new pricing and funding models offers the potential to unblock pipelines and unleash a new era of rapid development. And new perspectives on key issues such as sustainability, governance and investment are driving greater sophistication in many markets. A new dawn may be rising.

We hope that this year's report inspires infrastructure participants to think progressively about the opportunities we face today and cautiously about the risks of tomorrow. We believe there is huge potential for great good to be unlocked. But, if we do not respond with vision and purpose, we may also be sowing the seeds of discord and division for future generations. The choice is ours.

Public Sector projects through Public Private Partnership will bring further opportunities. Ambitious project plans have been developed for various sectors to bridge the infrastructure gap. These measures have opened up various opportunities for private participation in the provision of infrastructure and services.

Long term market instability and uncertainty may damage the opportunities and prevent the expansion. Infrastructure financing has been a major problem particularly in the roads sector and banks must make changes to meet financing needs of road sector. Long-term funding has been a problem for banks as it has to borrow short-term to lend long-term projects. Funds are required and so is innovation.

#### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has a satisfactory system of internal control corresponding with its size and the nature of its operations. These have been designed to provide reasonable assurance & accuracy with regard to recording & reporting and providing reliable financial and operational, information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance of corporate policies.

The Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. The Audit Committee reviews Audit Reports submitted by the Internal Auditors. Suggestions for improvement are considered and the Audit Committee follows up the implementation of the corrective steps. The Committee also meets the Company's Statutory Auditors to ascertain, inter alia, their views on the adequacy of internal control systems in the Company and keeps the Board of Directors informed of its major observations from time to time.

#### **FINANCIAL PERFORMANCE & FUTURE PLANNING**

During the year under review, the company has achieved a total turnover of Rs.1,051.84 Lakhs. The Profit/Loss after Tax for the year under review has been Rs.499.25 lacs, as compared to Rs.19.67 lacs for the previous year.

Shelter Infra Projects Limited is confident that apart from the infrastructure job, real estate business particularly the residential projects will be a regular source for the company of cash inflow and profit. The company has also decided to hire different professional agencies having sufficient expertise in their respective field for making and marketing those real estate projects as proposed.

Thus the Company has decided to enter into the real estate development business directly by acquiring development right from the land lord/owner and procuring property at suitable location for raising house stalls, at an affordable price.

The Company has also decided for introduction of Special Purpose Vehicle (SPV) to implant such independent projects as subsidiary of the company, as the case may be.

#### **MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED.**

The Industrial Relations scenario continued to be cordial. The Company regards its employees as a great asset and accords high priority to training and development of employees.

#### **NUMBER OF EMPLOYEES AS ON MARCH 31, 2019 WAS 10.**

The information required pursuant to Section 197 of the Companies Act, 2013 ("the Act") read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 in respect of employees of the Company; need not to be disclosed as it is not applicable in respect of our company.

#### **RISKS AND CONCERNS.**

The company is involved in the construction of infrastructure projects. The company may face significant competition and margin pressures from its competitors depending on size, nature and complexity of the project and on the geographical region in which the project is to be executed. The failure to bid competitively may adversely affect its operations. Bidding high will mean it does not win contracts and bidding too low will mean incurring a loss, or operating at very thin margins.

For potential homebuyers, the year 2019 is not expected to be any different from the last few years. Prices are likely to remain stagnant and developers will continue to focus on clearing existing inventory rather than launching new projects as they continue to grapple with regulatory changes like Real estate (regulation and development) Act, 2016 (RERA), goods and services tax (GST) and overall subdued demand.

#### **HUMAN RESOURCES**

Human Resources continued to be one of the biggest assets of the Company. The management has been paying special attention to various aspects like training, welfare and safety and thereby further strengthening the human resources. Relations with the employees remained cordial throughout the year.

#### **CAUTIONARY STATEMENT**

Statements in the Management Discussions and Analysis Report in regard to projections, estimates and expectation have been made in good faith. Many unforeseen factors may come into play and affect the actual results, which could be different from what the Directors envisage in terms of future performance and outlook. Market data and product information contained in this Report have been based on information gathered from various published and unpublished reports, and their accuracy, reliability and completeness cannot be assured.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF SHELTER INFRA PROJECTS LIMITED**

**Shelter Infra Projects Limited  
Report on the Audit of the Financial Statements of Shelter Infra Projects Limited**

**Qualified Opinion**

We have audited the accompanying financial statements of **Shelter Infra Projects Limited** ("the Company"), which comprise the Balance Sheet as at **31<sup>st</sup> March 2019**, the statement of profit and loss (including other comprehensive income), the statement of changes in Equity and the cash flow statement for the year on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statement").

In our opinion and to the best of information and according to the explanations given to us, the aforesaid financial statements, subject to items referred to in the basis of qualified opinion, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at **March 31, 2019**, the profit, comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Qualified Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of the Chartered Accountants of India (ICAI) together with independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide the basis for our audit opinion on the financial statements.

Attention is invited to our following observations

- (i) Payment against directors remuneration in the earlier year amounting to Rs.0.76 lacs needs to be debited to non reclassifiable to profit or loss account component of OCI as against shown under reclassifiable component.

- (ii) Non provision against development rights cost amounting to Rs.556.30 lakhs (refer to note No.30(j) which appears unrecoverable.
- (iii) Liability of lease rent against land taken from local municipality for a period of 99 years has not been provided for in terms of Ind AS - 17 (refer to note no.30(i)
- (iv) Non provision for obsolete stores [Note No.30(o)]
- (v) Management's inability to determine fair value of non-current investments in equity instruments book valuing Rs.98.43 lakhs with consequent impact on OCI.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. ### **Information Other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the companies in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies are also responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error..

In preparing the financial statements, the Board of Directors of the company is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company which has companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the financial statements.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure

about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the financial statements.
  - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure 1". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
  - g) With respect to the other matters to be included in Auditor's Report in accordance with the requirements of Section 197(16) of the Act, we hereby report that in our opinion and to the best of our information and according to explanations given to us, no remuneration has been paid by the company to its directors during the year attracting provisions of Section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

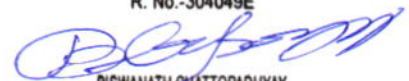

- i. The financial statements disclose impact of pending litigations on the financial position of the company in note no.30(b) of financial statements.
- ii. The company has not entered into derivative contracts. The company has entered into long term contract in respect of which no material loss is foreseeable except for forfeiture of development rights appearing at Rs.556 lacs in the books of the company.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 2" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**Annexure-1**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") referred to in Para V (2) (f) of our report of even date.**

We have audited the internal financial controls over financial reporting of **Shelter Infra Projects Limited** ("the Company") as of 31<sup>st</sup> March 2019 in conjunction with our audit of IND AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of IND AS financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Notes to the Financial Statements for the year ended March 31, 2019

### 1) COMPANY INFORMATION

The Company is a public limited company domiciled in India and is listed on the Bombay Stock Exchange and Calcutta Stock Exchange.

### 2) 2.1 SIGNIFICANT ACCOUNTING POLICIES

#### 2.1.1 Basis for preparation of accounts

The accounts have been prepared in accordance with IND-AS and Disclosures thereon comply with requirements of Ind-AS, stipulations contained in Schedule-III (revised) as applicable under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, Companies (Indian Accounting Standards) Rules 2015 as amended from time to time, MSMED Act, 2006, other pronouncement of ICAI, provisions of the Companies Act and Rules and guidelines issued by SEBI as applicable.

Assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in revised Schedule-III to the Companies Act, 2013.

#### 2.1.2 Use of Estimates

IND-AS enjoins management to make estimates and assumptions related to financial statements, that affect reported amount of assets, liabilities, revenue, expenses and contingent liabilities pertaining to the year. Actual result may differ from such estimates. Any revision in accounting estimates is recognized prospectively in the period of change and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

#### 2.2 Recognition of Income and Expenses

- i) Value of work done up to progressive billing stage at the end of the accounting year and certified / accepted by the client within the said date is taken at the appropriate rate as per contract.

- ii) Value of work done up to progressive billable stage at the end of the accounting year but not certified /accepted by the client within the said date is taken at the appropriate rate as per contract and shown under the head "Work done but bills not raised".
- iii) Value of work done below the progressive billable stage is however valued at cost (material cost plus all other direct charges attributable to the portion of work done) and shown under the head "Work-in-Progress". Adjustments are made in case of any anticipated loss to complete a contract.
- iv) When work is completed beyond 20% of the total executable work, total estimated cost of the project is reviewed vis-à-vis total revenue receivable there from. Any loss accruable in this respect, pertaining to completion of the project is provided for.
- v) Arbitration claim/counter claim is accounted for on the basis of merit of the case in terms of advice of Legal Experts.

### 2.3 Property, Plants and Equipments

These tangible assets are held for use in construction, supply of goods or services or for administrative purposes. These are recognized and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any which is akin to recognition criteria under erstwhile GAAP.

- a) Cost includes freight, duties, taxes and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.
- b) When a major inspection/repair occurs, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is derecognized.

- c) Depreciation has been provided on straight line method in terms of expected life span of assets as referred to in Schedule – II of the Companies Act, 2013. In the following category of property, plant and equipment, the depreciation has been provided on the technical evaluation of the useful life which is different from the one specified in Schedule – II to the Companies Act, 2013.

Buildings	-	3 to 60 years
Plant and Machinery	-	3 to 12 years
Furniture and Fixtures	-	5 to 10 years
Office equipment	-	5 to 10 years
Vehicles	-	5 to 8 years

The residual value and useful life is reviewed annually and any deviation is accounted for as a change in estimate.

- d) During sales of fixed assets any profit earned/loss sustained towards excess/shortfall of sale value vis-à-vis carrying cost of assets is accounted for in statement of profit & loss.

#### 2.4 Investments Property

Properties held to earn rentals or/and for capital appreciation but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes, are categorized as investment properties. These are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost shall also include borrowing cost if the recognition criteria are met. Said assets are depreciated on straight line basis based on expected life span of assets which is in accordance with Schedule II of Companies Act, 2013. Significant parts of the property are depreciated separately based on their specific useful lives. Any gain or loss on disposal of investment properties is recognized in profit or loss account.

Fair value of investments properties under each category are disclosed in the notes. Fair values are determined based on the evaluation performed by an accredited external independent valuer applying a recognized and accepted valuation model or estimation based on available sources of information from market.

Transfers to or from the investment property is made only when there is a change in use and the same is made at the carrying amount of investment Property.

## 2.5 Intangible Assets

- a) Intangible Assets are initially recognized at:-
- 1) In case the assets are acquired separately then at cost.
  - 2) In case the assets are acquired in a business combination then at fair value.
  - 3) In case the assets are internally generated then at capitalized development cost subject to satisfaction of criteria of recognition (identifiability, control and future economic benefit) laid down from clause 11 to 17 of IND-AS38.

Following initial recognition intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss.

- b) Intangible assets with finite useful life are assessed for impairment whenever there is an indication that the intangible assets may be impaired. Intangible assets with infinite useful like including goodwill are tested for impairment annually.

## 2.6. Impairment of Non-Financial Assets

- a) An asset is deemed impairable when recoverable value is less than its carrying cost and the difference between the two represents provisioning exigency.
- b) Recoverable value is the higher of the 'Value in Use' and fair value as reduced by cost of disposal.
- c) Test of impairment of PPE, investment in subsidiaries/associates/joint venture and goodwill are undertaken under Cash Generating Unit (CGU) concept. For Intangible Assets and Investment Properties it is undertaken in asset specific context.

- d) Test of impairment of assets are generally undertaken based on indication of impairment, if any, from external and internal sources of information outlined in para – 12 of Ind-AS-36.

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

## 2.7. Financial Instruments

### (i) Financial Assets

#### Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

#### Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories:-

- Financial Assets at fair value
- Financial Assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of profit and loss, or recognized in other comprehensive income.

A financial asset that meets the following two conditions is measured at amortized cost.

- **Business Model Test:** The Objective of the company's business model is to hold the financial asset to collect the contractual cash flows.
- **Cash Flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through OCI:-

- **Business Model Test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics Test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through profit and loss.

All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI.

### **Investment in associates, joint venture and subsidiaries**

The company has accounted for its investment in subsidiaries, associates and joint venture at cost.

### **Impairment of financial assets**

The company assesses impairment based on Expected Credit Losses (ECL) model at an amount equal to:-

- 12 Months expected credit losses, or
- Lifetime expected credit losses

depending upon whether there has been a significant increase in credit risk since initial recognition.

However, for trade receivables, the company does not track the changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

### **(ii) Financial Liabilities**

All financial liabilities are initially recognized at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified as measured at amortized cost or fair value through profit and loss (FVTPL). A financial liability is classified as FVTPL if it is classified as held for trading, or it is a derivative or is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and

net gain or losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on de-recognized is also recognized in statement of profit and loss.

## 2.8. Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole :

**Level 1** – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

**Level 2** – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation Committee determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

## 2.9 Inventories

Inventories are valued at the lower of cost or net realizable value. Cost includes purchase price, duties, transport & handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

The basis of determination of cost remains as follows:

- a) Raw material, Packing Material, Moving Weighted Average Basis.
- b) Stores & spares: at standard cost which approximates the cost.
- c) Work-in-progress: Cost of input plus overhead upto the stage of completion.
- d) Finished Goods: Cost of input plus appropriate overhead.

## 2.10. Employee Benefits

Liabilities in respect of employee benefits to employees are provided for as follows:

- a) Short term employee benefits

- i) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
- ii) ESI is provided on the basis of actual liability accrued and paid to authorities.
- b) Post Separation Employee Benefit Plan
- i) Defined Benefit Plan
- Gratuity Liability on the basis of actuarial valuation as per Ind-AS-19. Liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of each reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of defined benefit is determined by discounting the estimated future cash outflows by reference to market yield at the end of each reporting period on government bonds that have terms approximate to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.
  - Company contributes its share of contribution to Employees Provident Fund Scheme administered by a separate trust with its obligation to make good the shortfall, if any, in trust fund arising on account of difference between the return on investments of the trust and the interest rate on provident fund dues notified periodically by Central Government.
  - Actuarial gain/loss pertaining to I & II above and other components of re-measurement of net defined benefit liability (asset) are accounted for as OCI. All remaining components of costs are accounted for in statement of profit & loss.

ii) Defined Contribution Plans :

- Liability for superannuation fund is provided on the basis of the premium paid to insurance company in respect of employees covered under Superannuation Fund Policy.

**2.11. Income Tax and Deferred Tax**

The liability of company on account of Income Tax is computed considering the provisions of the Income Tax Act, 1961.

Deferred tax is provided using balance sheet approach on temporary differences at the reporting date as difference between the tax base and the carrying amount of assets and liabilities. Deferred tax is recognized subject to the probability that taxable profit will be available against which the temporary differences can be reversed.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

**2.12. Provisions, Contingent Liability and Contingent Assets**

Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Vat, Income Tax, Service Tax etc.) pending in appeal/court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts.

However, present obligation as a result of past event with possibility of outflow of resources, when reliable estimation can be made of the amount of obligation, is recognized in accounts in terms of discounted value, if the time value of money is material using a current pre-tax rate that reflects the risk specific to the liability.

No contingent asset is recognized but disclosed by way of notes to accounts.

### 2.13. Operating Segments

The Chief Operational Decision Maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

The Operating segments have been identified on the basis of the nature of products/services.

- a) Segment revenue includes sales and other income directly identifiable with the segment including inter-segment revenue.
- b) Expenses that are directly identifiable with the segments are considered for determining the segment results. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
- c) Income which relates to the company as a whole and not allocable to segments is included in unallocable income.
- d) Segment result includes margins on inter-segment and sales which are reduced in arriving at the profit before tax of the company.
- e) Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the company as a whole and not allocable to any segment.

2.14. **Earnings per Share**

Basic Earnings per share is calculated by dividing the total comprehensive income for the period attributable to equity shareholders by the number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributed to equity shareholders and the number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.15. **Borrowing Cost**

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale. Borrowing cost consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

2.16. **Cash and Cash Equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
